3. Action on Minutes 2/19/20 Meeting: Drew Dionne made a motion to approve the minutes of 2/19/20 as presented. Sandy Brodeur seconded the motion. Motion passed 5-1 abstain (K. Dykstra, not present at meeting)

4. Introduction of Finance Director Stephanie Levin: Ms. Levin introduces herself to the board and gives a brief background. She is looking forward to working with the Town.

5. Old Business

a. Review of 2018-2019 Audit by King, King and Associates: Mr. King states this is the companies second year completing the audit for the Town of Brooklyn, and progress is being made. WPCA had to change the type of account it was in. The general fund balance was much lower than expected after adjustments were made, ending balance of \$965,000. A deficit was expected in revenues but did not end with one because the expenditures were way under budget.

A State and Federal audit was done as well.

Stability is needed to get controls in place. There should be documentation of who does what and who is responsible for it. Policies should be set in an accounting manual and this will alleviate issues if someone leaves the finance office. Ms. Levin states they are working on that and plan on updating the Board of Finance on a monthly basis. Mr. Tanner states the employees did have to create procedure manuals years ago. Mr. Ives states those are in place.

Mr. Ives states the capital fund was not designated and projects were not handled properly. Mr. Otto suggests a group of people to run through capital in the future to ensure it is being done correctly.

*Complete audit attached and recording available at request.

b. 2019-2020 Financial Reports Review by R. Ives and S. Levin: Two payments from Mashentucket have been received. They were put into the wrong account but will be fixed. ECS should be in tomorrow. There are two programs available to taxpayers, a deferment program and low interest program, the Board of Selectmen voted to implement both. Information will be sent out to taxpayers. April payments would be deferred for ninety days, until July. This may upset cash flow; Mr. Ives is looking into options available. Recreation revenues have stopped due to the COVID-19 but were on target for the year. The dog license fee account is questioned. Mr. Ives said we owed the State, and this is still being sorted out.

c. Update on TAR and LoCIP Funds by R. Ives: This was supposed to be discussed last week but the meeting had to be cancelled. They should be meeting tomorrow.

d. Status of legislation related to Brooklyn Little League grant by R. Ives: This will be in the bill at the end of the session.

e. Update on potential for health insurance rate reduction by R. Ives: This information will not be available for a couple more weeks.

f. Discussion of town tax deferments authorized by Governor Lamont - R. Ives: Previously discussed in item b.

g. Review of revised BoF meeting schedule and 2020-2021 Budget Process: Meetings will be as follows:

April 22nd Fire Departments & Recreation

April 29th General Government

May 6th Board of Education

May 13th Capital

May 20th & June 3rd Review all Proposals

June 10th Public Hearing

June 17th Review comments and set budget and tax rate. No vote is required to set the mill rate per an executive order.

Sandy Brodeur made a motion to accept the above-mentioned revised meeting schedule. Drew Dionne seconded the motion. Motion passed 6-0.

h. Other Old Business: None

6. New Business

a. Impact of COVID-19 and Governor Lamont's Executive Orders on Town of Brooklyn Finances and Government Operations - R. Ives: Mr. Ives reports there have been approximately 31 executive orders and some revised. He will keep the board updated.

b. Other New Business: A waste oil furnace was installed at the highway garage that has been running at no cost to fuel. It has stopped working and needs to be replaced. The cost is approximately \$8,200 and this should be available in contingency to use. Sandy Brodeur states there is a contingency in capital as well for something like this. Sandy Brodeur made a motion to approve an expenditure up to \$9,000 for a new boiler at the town garage out of capital contingency on the assumption if it can be reimbursed by the end of the year, it will be. Ken Dykstra seconded the motion. The life expectancy of this is 30 years. Motion passed 6-0.

Present: Jeff Otto, Drew Dionne, Heather Allen, Sandy Brodeur, Kim Conroy, Ken Dykstra and Melissa Bradley; Recording Secretary

Also Present: Rick Ives, Shelly Cates, Stephanie Levin, Bucky Lohbusch, Mike Gaudreau, Steve Breen, Bill Skene, Jim Warren

1. Determination of a quorum and call to order: Jeff Otto called the meeting to order at 7:15pm.

2. Public Comment: None

Observers desiring to speak are asked to so indicate and to wait for the Chairman to select you to comment. **All speakers are asked to identify themselves and to state their address each time they speak.**

3. Board of Fire Commissioners 2020-2021 Budget Request

a. Mortlake Fire Company - Steve Breen: Mr. Breen discusses the Mortlake Fire Company budget, answering any questions. The budget request is \$122,940, a 0% increase from last year.

b. East Brooklyn Fire Department - Jim Warren: Mr. Warren discusses the East Brooklyn Fire Department budget, answering any questions. The budget request is \$106,000, a small increase from the previous year. Last years request was underestimated.

c. Questions from Board of Finance and Receipt of Requests for further consideration: Drew Dionne made a motion to receive the requests from the fire departments for further consideration. Sandy Brodeur seconded the motion. Motion passed 6-0.

4. Recreation Commission 2020-2021 Budget Request - Bucky Lohbusch and Mike Gaudreau:

a. Recreation Commission Budget Request including Income Projections: The Recreation budget request is \$365,423, an 8.5% increase over last year. Largest increase was in wages, due to a minimum wage increase and two additional positions for before and after school programs. The revenues have increased by 24.8% and will offset the expenditure increase. The increase in revenues was mostly due to fee increases. Summer camp is still up in the air due to COVID-19 which would affect the budget in some way. Sandy Brodeur would like to see a budget without summer camp to compare, because she feels it is headed that way. Mr. Otto would like to see this after the Board of Education budget is presented. Jeff Otto requests a breakdown of the minimum wage increase and the two new positions.

b. Park Maintenance Budget Request: The park maintenance budget request is \$277,995, an increase of 24.8%. A large portion of the request increase is to hire a full-time employee. Currently, there is one full time and one part time, and this is not enough to get the workload completed. A request to purchase a used vehicle has been added as well. There is one vehicle for two people, and there are many wasted hours with driving each one back and forth on different job sites. The added hours during the winter are needed for brush and leaf pickup and snow removal. Mortlake Fire Department will now be maintained by this department and the extra person will be needed.

c. Questions from Board of Finance and Receipt of Requests for further consideration: Kim Conroy made a motion to accept the Recreation and Parks Maintenance budgets for further consideration. Sandy Brodeur seconded the motion. Motion passed 6-0.

5. Adjournment: Drew Dionne made a motion to adjourn the meeting. Sandy Brodeur seconded the meeting. Meeting adjourned at 8:15pm.

Savings in this budget are a total of \$423,000: Approximate savings in:

Grant funding is a source of revenues. \$632,946 was approved and applied to this budget. Break down of grants is displayed on page 9 of the budget.

\$30,000 less in educational cost sharing was given compared to last year.

High school tuitions are based on a formula that factors in the population and the schools cost to operate.

Ms. Brodeur states it is going to be a difficult year and a lot of factors will not be known for a while. She suggests revisiting the budget possibly six months from now.

Mrs. Buell does not know what the amount will be returned to the general government from this current fiscal year budget.

There are funds left over in gas due to the school year ending early. Ms. Buell is in negotiations with the bus company. There may be some savings, but most likely minimal.

Mr. Otto suggests the Board of Educations considers looking into a no increase budget and how they could run like that.

Health insurance companies are still negotiating so there may be some savings if it is decreased.
