Blighted Property Address or Location: \_\_\_\_\_

**Below are the ordinance conditions that may constitute blight as defined in the Brooklyn Anti-Blight Ordinance  
Complete Section A, B or C**

**Section A: Select at least two from the following**

- ☐ A building or structure in a state of dilapidation or decay
- ☐ Missing, broken or boarded windows or doors
- ☐ Collapsing or deterioration exterior walls, roofs, stairs, porches or chimneys
- ☐ Exterior walls which contain holes, breaks loose or rotting materials or are covered by temporary materials
- ☐ Deteriorating foundation walls that contain open cracks or breaks
- ☐ Overhang extensions, including but not limited to canopies, marquees, signs, awnings, porches, stairways, fire escapes, any of which show dilapidation or improper building materials or construction, and standpipes and exhaust ducts which contain rust or other dilapidation
- ☐ Exterior evidence of vermin infestation
- ☐ Debris
- ☐ Trees, shrubs, hedges, grass and plants, which physically hinder or interfere with the lawful use of abutting premises or block or interfere with the use of any public sidewalk and/or private street or right-of-way or any road sign
- ☐ Fencing in a dilapidated condition
- ☐ Evidence of graffiti or vandalism

**Section B**

- ☐ There exists at this location the remains of a structure that has been damaged by fire or other casualty, which is exposed to the elements and no longer serves the purpose for which it was constructed

**Section C**

Describe in detail why this property creates substantial and unreasonable interference with the use and enjoyment of surrounding residential properties. (Include evidence of neighborhood complaints or reports to public safety, fire or health department. Use a separate sheet if necessary)
