The Recreation Budget has stayed the same.  
The Park Maintenance Budget has changed. The Plow and the sander were removed from the budget and put in the capital fund. The snow blower and the lawn mower were removed from the capital fund as this time.  
The capital fund now has a contingency line item of 25,000.  
If the snow blower or the lawn mower breaks down during their seasonal use they can be replaced out of the contingency fund.

#### 6. Park Maintenance Update

The new part-time park maintenance employee is Hunter Wood.  
He will work from now until around Thanksgiving.  
Bucky got quotes from Companies for lawn maintenance.  
The maintenance would include 3 applications, Summer, Fall and Spring , including all the fields. The company will take care of all the state paperwork and would eliminate the need for hiring a liscensed supervisor. The total for all the fields and parks is around\$5000.00. True green came in with this price. True Green will also do the town hall lawn, and will be doing the school grounds using organic product. They will use organic product on the softball fields at Prince Hill, where the Brooklyn school team plays This will allow some extra money for over seeding.  
  
Brooklyn youth soccer is donating \$1500.00 towards the seeding of the fields.  
Many of the organizations that utilizes the Parks and fields are buying working together with the Recreation department including the school. The town and organizations are cooperating and coming together.
