There was an injury reported at Prince Hill Park. A very young child on a bike, ran into a woman who was walking on the track. The child hit her from behind, she fell and had injuries to her face, teeth and neck. It was reported to CIRMA. The woman would like the Commission to stop bike usage on the walking track.

Mr. Ives would like the commission to focus on the future to prevent this from happening again. It could be more damaging if it happens again.

There was discussion, it was determined that a sub-committee will meet on the issue, on November 6,2019 at 6:00 at the Clifford B Green building. The committee will report back with a plan at the November meeting. Mr. Ives would like any plan run by the Town Attorney before it is put in place.
