I met Loni DeCelles. She wants to build an electric fence pasture for her 2 horses. She wants to put up two 20x20 temporary carpools for shade. The manure would be stockpiled where she now has a compost pile. She expects to move + sell within 2-6 months.

I told Ms. DeCelles that I will let the IWW Commission know that I approve the proposed fence + carport. The fenced area will include the mowed lawn.
