a. 2023-2024 School Calendar - DRAFT 1 (Feedback/revisions)

Mrs. Buell stated that there were some minor revisions to Draft 1. Thanksgiving was not listed as a holiday, which adjusted our end date and there were some dates in the center that needed correcting.

The survey feedback received and suggestions from parents/staff:

- February vacation: Move March 1st and March 4th, to the end of the February vacation so they almost get an entire week off from school, instead of having to pull the kids out and then have two days off a week later.

Mrs. Buell stated that the March 1st date is a Professional Development

Day and March 4th is a Regional Professional Development Day. Mrs. Buell stated she prefers not to move the March 4th PD day.

- April Vacation: Two Comments inquiring about having our calendar align with Putnam and other surrounding towns as some parents work in surrounding districts.

Mrs. Buell recommends moving the April vacation to the third week of April. She stated that currently our Proposed Calendar is scheduled for the week of April 8-12th. Most districts seem to be proposing the next week, which is April 15-19th. Mrs. Buell stated that Killingly, Putnam, Union, Pomfret, and Woodstock Academy are taking the third week of April and she recommends that the Board move the April vacation to the third week of April. She stated that the transportation costs would be a major reason. The Board agrees to move the April vacation week to the third week.

- December: Proposed that December 22, 2023, the last day before winter break be an early dismissal as it has been done previously. A five (5) day week with five (5) full days can be a lot for students and staff with all the holiday excitement and energy. A ½ day would allow families and staff the ability to travel easier for their holiday locations as well.

Mrs. Buell stated that this school year Friday, December 23, 2022 is NOT a ½ day. Mrs. Buell stated that it would be two days before Christmas. The Board agrees to not having a ½ day prior to Christmas break.

Mrs. Buell stated that if the Board agrees keeping the calendar the same, the only change would be April vacation to the third week, April 15-19th.

Dr. Perkins-Banas asked where the March 1st Professional Development day would be moved to in February, February 21, 2023? Mrs. Buell stated that people are asking to extend the February days off. She stated it could cause hardship for parents having three days in a row off.

The Board had discussion in regards to losing continuity with having a lot of time off from school. They also discussed possible dates of moving the March 1st Professional Development day.

Mrs. Buell stated that there is a requirement of Professional Development hours per year. She also stated that in order to have 182 days of school and to have additional Professional Development days, early release day counts as a full day of school. Snow Days will need to be made up in June.

After the Board discussed alternative dates for Professional Development, Mrs. Buell will come back with more drafts for the next meeting for the Board to review.

## 10. Public Comment

Julia Jarvis, 95 Bunny Lane, Brooklyn - Miss Jarvis stated that she is a Killingly High School student and she is present for an assignment in her American Resolution class at Killingly. She stated that in past meetings, she knows the Board discussed mental health at Killingly. She did a little bit of research and found that 49.5% of kids ages 10 to 19 have mental issues, which would include middle school students in Brooklyn. She is asking if there are any protocols in place to help middle schoolers with mental health issues in Brooklyn.

Mrs. Lyons stated that she knows that we have social workers and other things in place and the Board would report on it at a later date.

Mrs. Buell stated that Public Comment is when we receive public comment from the community and the Board does not always address the comments. She asked Miss Jarvis what kind of feedback she needs for her class.

Miss Jarvis stated that she needs to make sure that her name is in the minutes and she asks a question to the Board.

Mrs. Buell asked the Board to respond tonight. The Board gave her permission. Mrs. Buell stated that she has two social workers at the middle school and approximately 350 students at the middle school. A social worker used to be shared between the elementary and the middle school, Brooklyn no longer does that. There are now two full time social workers at the middle school. They are available to support students through individual and group counseling sessions and are accessible to students all the time. She stated that students do access the social workers. The social workers hold social groups and work with other teachers with social matters that need to be addressed in a classroom. Mrs. Buell stated that they try to address the needs and they understand that students can go to the social workers at any time during school hours or outside school hours in the summer. Mrs. Buell recognizes that there are needs and is addressing the students' needs. She stated that the social workers work with families and attend PPT meetings, Special Education meetings and 504 meetings. Mrs. Buell stated that if Miss Jarvis had any other questions, she could email or call her.

Dr. Perkins-Bana stated that social emotional learning is also addressed through the curriculum. Mrs. Buell stated that social emotional learning is addressed through classroom meetings or circle time. The social workers also support the teachers with the social emotional needs and through the health curriculum. There are two physical education teachers teaching health that address the needs as well.

David Jarvis, 95 Bunny Lane, Brooklyn - Mr. Jarvis stated as a parent and having kids go through middle school moving here from another district, he stated the culture at Brooklyn as been great. He stated his kids thrive in Brooklyn and do well. Brooklyn has open arms and the support was there when moving in the middle of a school year. He stated that open communication goes a long way. With new people coming in being in different districts, it takes a lot longer to be accepted than it did coming to Brooklyn. Mr. Jarvis stated hats off to the teachers and administrators. His kids do well and are going to high school.
