

East Brooklyn Fire Department
Annual Report for 2024
And Budget for July 2024 – June 2025

Presented by:
William Skene, Chief

ORGANIZED 9 AUGUST 1937

TELEPHONE: 860-774-1192
FAX: 860-774-4297

EAST BROOKLYN FIRE DEPT.

15 SOUTH MAIN STREET
BROOKLYN, CT 06234

I want to thank the members of the East Brooklyn Fire Department for their cooperation and understanding for these past 8 months. I was asked to become Chief of the Department in July 2023 and I had to hit the road running. Between the day-to-day operations and the other obligations of the department, I have tried to do my best to complete several ongoing projects over these past 8 months.

In September we received 10 new Scott Air packs purchased through ARPA funds. These air packs are replacing packs that were leased by the department going back several years and were reaching their expiration dates.

We have recently applied for an Assistance to Firefighters Grant through FEMA for the installation of an exhaust removal system for the station. The system will help remove the exhaust from the diesel apparatus which has been found to cause cancer. The department has also received and installed a gear washer and dryer. These items will help the department meet the Maintenance and Remediation of Toxic Substances on Turnout Gear as required by the State of Connecticut under Public Act 22-139 that went into effect in November 2023.

I also want to thank Chief Steve Breen and the members of the Mortlake Fire Company for their assistance and cooperation. As a member of the Brooklyn fire departments for over 36 years, the relationship between the two departments has never been better. The collaborative effort to train and respond to calls has provided the residents of the Town of Brooklyn with well-trained fire departments. Chief Breen and I are continuing to find ways to cut costs in our operations.

I want to thank the local businesses, the Board of Selectman, and the People of Brooklyn for their support. The East Brooklyn Fire Department would not be able to serve the residents of Brooklyn without the support of everyone.

We look forward to the upcoming year with the continued goals of increasing our membership and continuing to work with our mutual aid departments.

Sincerely,
William R. Skene
Chief, East Brooklyn Fire Department.

Current Apparatus Inventory

Italics is a Sample and should be cleared when completing form.
 See tab entitled QV Apparatus Designations for descriptions of Apparatus Type

Apparatus Type	Year of Manufacture	Make/Model	Unit ID#	Brief Description	Notes
Engine	2013	SMEAL Rescue/Pumper	E-192	Primary fire attack/tanker. 20000 gpm pum, 750 gal, tank with foam system. 1400' 5" dia. hose, air monitoring tools, thermal imaging camera, rescue tools/jacks, water rescue	
Squad	2019	Ford F550 Mini Pumper	SQ-192	Primary brush fire attack /fire suppression, auto accidents, hazardous material emergencies; and is backup apparatus for medical/trauma emergencies. 1500gmp pump, 300 gallon water tank	
Service	2020	Ford Expedition	S-192	Medical/trauma emergencies	

ENGINE 192

2013 Smeal Rescue Pumper

Attack Vehicle with 2000 gpm Pump / 750 Gallon Tank

This vehicle is the primary attack apparatus for fire suppression, auto accidents, and hazardous material emergencies. It comes with a 2000 GPM pump, 750-gallon tank, foam capabilities, deck gun, multiple pre-connected, extrication equipment, and a light tower.

Life expectancy is 25 years

Squad 192

2019 Ford F550 Mini Pumper

Attack Vehicle with 1500 gpm Pump / 300 Gallon Tank

This vehicle is used for fire suppression, auto accidents, hazardous material emergencies; and is backup apparatus for medical/trauma emergencies. It comes with a 1500 GPM pump, 300-gallon water tank, multiple pre-connected hose lines for rapid deployment.

The advantage of smaller size combined with four-wheel-drive capability included accessing hard to reach location like the backside of structures and narrow roads, using the truck as a manifold up long driveway and responding in disaster-storm situations.

Service 192

2020 Ford Expedition

First Responder Vehicle

This vehicle is used as first due to medical/trauma emergencies.
Backup vehicle for fire police.
