

TOWN OF BROOKLYN FIREFIGHTER

NATURE OF WORK: This is highly responsible and skilled work moving designated equipment to the scene of fires, accidents, hazardous materials incident, medical emergencies or other incidents requiring the fire department and, upon arrival, initiating appropriate action. Work also involves fighting fires and performing emergency medical care, as required. Position requires independent judgement, initiative, maturity, observation, emergency calls report writing and communication skills. Position also requires participation in civic functions such making appearances at schools and before other interested groups within the Town of Brooklyn, as directed by the Fire Chief.

SUPERVISION RECEIVED: The Firefighter works under the direct supervision of the department Fire Chief and under the general supervision of the First Selectmen or acting First Selectmen. Additionally, at the scene of an emergency, the Firefighter shall take direction from the Incident Command Officer (ICO) present.

SUPERVISION EXERCISED: In accordance with established procedures of the Town, seniority in rank is respected and observed in the absence of direction to the contrary from the Fire Chief. The Firefighter may be required to assume fire ground control in the absence of the Fire Chief or Incident Command Officer.

GENERAL DESCRIPTION OF DUTIES

The Firefighter works under supervision, often as a member of a team, responding to Fire and non-Fire emergencies for the protection of life and property. This work includes performance of hazardous tasks while working:

- in hostile environments
- under limited visibility (smoke)
- in elevated temperatures
- in cramped surroundings
- in darkness
- in adverse weather conditions
- from heights
- under physical and mental stress

The work also involves the operation and routine maintenance of fire department equipment, apparatus, and quarters, as well as an understanding of accepted firefighting methods which include the safe handling and use of all equipment for firefighting, rescue and hazardous materials.

The Firefighter must have the ability to understand and follow instructions.

ESSENTIAL FUNCTIONS

Takes action and precautions to protect persons and property including, but not limited to: (1) placing ladders and climbing ladders into structures; (2) cutting and breaking openings in structures, as required; (3) ventilating buildings; (4) entering burning structures in order to evacuate and rescue any persons in danger; (5) performing emergency rescues, including drowning; (6) performing extrication work from vehicles and machinery; and (7) administering emergency medical care and/or artificial respiration to those requiring assistance.

Transports designated equipment to the scene of fires, accidents, or medical emergencies and, upon arrival, initiates the appropriate action to effect proper suppression or control including, but not limited to (1) the establishment of a water source; (2) the laying of hose lines; and (3) the use of hand lines, ladders, rescue equipment or a variety of hand tools.

Responds to all alarms of fires, accidents, emergencies, and community disasters involving structures, equipment, facilities, fuel, chemical and brush fires, within the Town of Brooklyn as directed. Second crew ambulance calls when not otherwise engaged in an existing emergency call where the crews are committed. Fights fires and assists in emergency lifesaving procedures, as required.

Carries out daily work routine as defined on the company records and logs. Cleans and maintains all apparatus in a state of readiness. Completes routine housekeeping duties and prepares reports and logs as requested by the Chief. Assists in the orientation and training of volunteers in the use of apparatus, as directed by the Chief.

Works on fire safety and prevention programs, makes appearances before schools, interested civic groups, public information programs and public awareness programs, within the Town of Brooklyn, while on duty, as directed by the Fire Chief.

Establish and maintain effective and courteous working relationships with Town Officials, public officials, the general public, other departments and agencies, and office staff. Ability to relate to the public in a helpful, friendly and professional manner.

Attends required training courses as mandated by Federal, State and Local Government in order to maintain certification as a Firefighter.

Performs related duties and responsibilities as required.

- pre-fire planning

******* The duties listed above are intended only as illustrations of the various types of work that may be performed. The omission of specific statements of duties does not exclude them from the position if the work is similar, related or a logical assignment to the position*******

Experience and Training

1. High school graduate (or GED)
2. Two or more years of documented experience as a Firefighter.

In addition, Firefighters must possess at the time of application closing, and maintain throughout employment, the following:

1. Connecticut certification as a Firefighter II
2. HAZMAT Operational certified or certificate of training
3. Connecticut certification Emergency Medical Technician (EMT)
4. Connecticut Operators License Class 2 with “Q” Endorsement or CT Commercial Drivers License (CDL)

A pre-employment physical examination which shall include a statement from an approved physician certifying that the individual is capable of fulfilling the requirements of the job, including the ability to use respiratory equipment such as the Self-Contained Breathing Apparatus, Physical and psychological examinations, pre-employment and as may be required during employment.

Pre-employment drug screening, criminal background and driving record checks. Means of transportation and telephone.

PHYSICAL DEMANDS

The Firefighter shall be a non-smoker.

Physical demands hereinafter listed are representative of those that must be met by an employee to successfully perform the essential functions of this job. The employee must be able to pass a rigid physical examination, including pre-employment drug testing, and a rigid physical agility test.

While performing the duties of this job the employee is frequently required to: talk; hear; speak; stand; walk; bend; twist; stoop or crouch; sit; climb stairs to various levels; use hands, fingers, wrists for repetitive motion; handle/feel objects; reach; drive; get in and out of vehicles; tolerate exposure to weather, domestic animals and environmental allergens; must maintain continuous visual acuity including close vision, distance vision, color vision, peripheral vision, depth perception and the ability to adjust focus.

The employee must have the ability to (1) breathe with a self-contained breathing apparatus; (2) carry ladders on shoulders; (3) lift ladders from fire trucks; (4) raise ladders from the ground; and (5) manipulate up to 175 pounds.

Additionally, the employee must be able to (1) climb ladders carrying tools and other apparatus as necessary; (2) thread hose; (3) pull rope vertically from overhead down towards one's knees; (4) chop holes in roofs and other structures using an axe; and (5) pull down overhead ceilings with hand tools.

While performing the duties of this job, the employee frequently works in outside weather conditions. The employee may work near moving mechanical parts and in precarious places and is exposed to wet and/or humid conditions, fire, fumes or airborne particles, toxic or caustic chemicals, extreme cold, extreme heat, and risk of electrical shock, and vibration. The noise level in the work environment is quiet to extremely loud depending on the task or equipment being used.

Employee must be free from mental and physical disorders which would interfere with performance of duties as described, and have the mental capacity to handle stressful situations, physical danger and risk of serious injury to person and others. Ability to maintain his/her composure with the public and coworkers in everyday, stressful, and emergency situations, and with persons who are under physical and/or emotional stress. Employee may occasionally have to function in situations where subjected to aggressive physical and/or verbal behavior.
