Subject: REVISED** Jenn Nemeth - BOFC public statement for 12-13-23

All,

Sorry for the late revision. No major change other than adding that the town and the BFD/EBFD and the Town of Brooklyn BOTH filed motions for continuance today in response to our motion for disclosures filed in October (Originally I did not see the Town filed an identical motion so I just wanted to add for clarity).

I intent to still read a short public comment during the agenda item #4 and then submitting the attached as my full "statement" for the evening.

Thank you - Jenn

Subject: Jenn Nemeth - BOFC public statement for 12-13-23

Attached please find one Word document with my written public statement for tonight. I will "chime in" during the first public statement period of tonight's meeting to reference these comments.

The word doc is my statement, and the link below is the full PDF file with the referenced attachments. If you have any questions or issues accessing any of the documents please let me know.

Thank you for your consideration in adding my statements to the public record for tonight's meeting.

Yes, that worked.

I will try that.

This should work.
