

## **Facilities Meeting – Proposed Capital Committee Projects**

The Facilities Committee has identified the following projects as priorities. These items will be presented to the Capital Committee for review and approval.

- **Elementary School**

- Upgrade fire alarm and sprinkler system
- Replace roof (shingles) on Rose Wing. Partial cost will be paid by State of Connecticut based on age of existing roof.
- Repair Rose Wing Fascia which will require lead abatement
- Install card readers for 4 access points to building providing additional security for the facility.

Fire Project  
200,000

- **Middle School**

- Upgrade fire alarm and sprinkler system
- Install card readers for 6 access points to building providing additional security for the facility.
- Pave north side parking lot and change traffic pattern for safety

20,000
