Region 4 Municipal/Tribal Nation EMDs
Region 4 Regional Emergency Planning Team (REPT) Steering Committee Chairs & RESF Working Group Chairs

The Region 4 REPT is in the process of planning for a “Region 4 Asset/Equipment Rodeo”, which will be held on April 23rd, 2024 at the same location as the 2024 CCM Emergency Management Symposium at Camp Nett, Niantic (East Lyme) between 2pm-4pm, and 6pm-7:30pm.

The goal of this event is for our incident commanders and emergency response professionals throughout the region to see a selection of our regional assets in person to better understand our regional response capabilities, as well as to educate and spread the word on our Regional Emergency Planning Team (REPT) structure and the opportunities that exists to engage with and join our Regional Emergency Support Function (RESF) Working Groups.

Please share the attached flier far and wide, along with the registration link below for the CCM Conference for anyone who would also like to attend that event (free) while also having the opportunity to see our assets, as well as numerous state assets, outside on the parade grounds.

If you have any questions, don't hesitate to reach out.

Kind regards,

Mike
